Provides students with a foundation in business and skills in management information systems, rather than a foundation in computer science, to provide solutions that present companies, non-profit organizations, and government agencies with the information they need to achieve their goals.

TARGET AUDIENCE:

Those who hold or seek entry-level professional MIS positions and those who need to learn MIS concepts for other jobs in a technology-dominated workplace.

ADMISSION REQUIREMENTS:

The fully online delivery mode is designed for students who have an associate's degree or at least 54 hours of completed college credit towards a bachelor's degree.

Preference for admission will be extended to students who have:

- 1) met all general education and entrance requirements stipulated for MIS majors;
- 2) earned a cumulative GPA of 2.50 or higher;

- 3) demonstrated their ability to write the English language at the appropriate baccalaureate level; and
- 4) confirmed they have access to the Internet
