The Doctor of Nursing Practice degree is a terminal practice degree for graduate students. Through transformational leadership and a focus on Urban Health, nurses build upon advanced clinical skills through coursework and practicum to achieve the highest level of nursing practice and improve healthcare outcomes through practice-based scholarship. A DNP from Oak Point University prepares nurses for the highest level of clinical practice, leadership, and healthcare system management.

TARGET AUDIENCE:

The DNP degree is for the student who has a Master of Science in Nursing and an active RN license

ADMISSION REQUIREMENTS:

An applicant will be considered for admission into the DNP program if the following criteria are met:

Earned a minimum cumulative graduate grade point average (GPA) of 3.25 on a 4.00 scale

Holds a current and unencumbered RN license

Held in good standing at all previous colleges and universities attended
