The Master of Arts Degree in Special Education is designed for the licensed educator who desires to become an accomplished special education teacher as well as earn an Illinois* LBS1 (Learning Behavior Specialist 1) endorsement. This program is designed to provide teachers interested in special education the knowledge and skills to work in a continuum of special education services (e.g., self-contained through inclusive). Graduates will be prepared to demonstrate competency and proficiency as a special education teacher regarding state and national special education standards (2020), informed by Individualized General Curriculum and Individualized Independence Curriculum standards (CEC, 2015). Emphasis on methods, assistive technology, and assessment for the following learners with disabilities' access needs includes: learning disabilities, social/emotional disabilities (internationally known as, and otherwise known as, emotional/behavioral disorders), intellectual disabilities (internationally known and formerly known as, mental retardation), physical disabilities, autism, multiple disabilities, other health impairment, and traumatic brain injury. The endorsement is designed for Illinois K-12 teachers: the LBS1 endorsement is issued for Kindergarten through age 22 on the student's existing Illinois Professional Educator License.

*The LBS1 Endorsement requires Illinois licensure. Students with out-of-state licensure are welcome to enroll in the MA Special Education program, but are not eligible for the Illinois LBS1 Endorsement. Questions regarding reciprocity by state should be directed towards the student's state of licensure, or ISBE.net (Illinois State Board of Education).

TARGET AUDIENCE:

Current General Education Teachers & any licensed educator who desires to become a special educator and earn an LBS1 K-22 endorsement.

ADMISSION REQUIREMENTS:

Hold a valid initial or existing Professional Teaching License (PEL)
Two years of teaching acquired prior to completion of the graduate program
All applicants must meet the general admission requirements for Concordia University Chicago graduate programs as published in the Concordia University Chicago academic catalog.

New students are accepted into graduate degree-seeking, certificate, endorsement and/or post-graduate programs for online and on-campus study in the fall, spring, or summer semesters.
