

CRIMINAL JUSTICE STUDIES
BACHELOR OF ARTS/SCIENCE

ONLINE

Criminal justice studies IS a multidisciplinary degree making a wide variety of occupations accessible to our graduates. Students explore the major institutions of the criminal justice system, including law enforcement, and the judiciary and correctional systems from probation through incarceration. You will study theories about crime and delinquency, examine racial dynamics, wrestle with questions about effectiveness, and evaluate the empirical causes of crime. A growing number of criminal justice jobs require a four-year degree, and a bachelor's degree can open the door to career advancement or promotion. Online courses offer a convenient and affordable option for students to complete their bachelor's degree while studying from home. Online courses are taught by the same SIUE criminal justice faculty who teach on campus. Additionally, with the recent passing of HB 3653 in Illinois, police training polices and education will be changing and become critical.
